Brother, father and mother Dick \$

Try to realize some of your ideas for tape [håndskrevet kommentar af Dick Higgins: Now that my machine is repaired I can copy my Requiem for Wagner the Criminal Mayor. Will send in a few days.], send it to us, we, Eric and I, will put them in Knud Petersens music-boxes, make a radiosending (the radio of Denmark) record and distribute them.

About money? You will get a good deal.

Of course informations about all what we are doing with it.

Thank's for the "Danger Music Number 33 for me" we will perform it, Eric, Tony (Eric-brother) and I, the 21 febr. on a high-scool in Virum, Copenhagen. (Kennedy will be there.) [Håndskrevet kommentar af Dick Higgins: Kennedy is dead] Knud is still in Nikolaj, but he is clipped by wings.

The civil rights bill will pass. [Håndskrevet kommentar af Dick Higgins: Too little, too late]

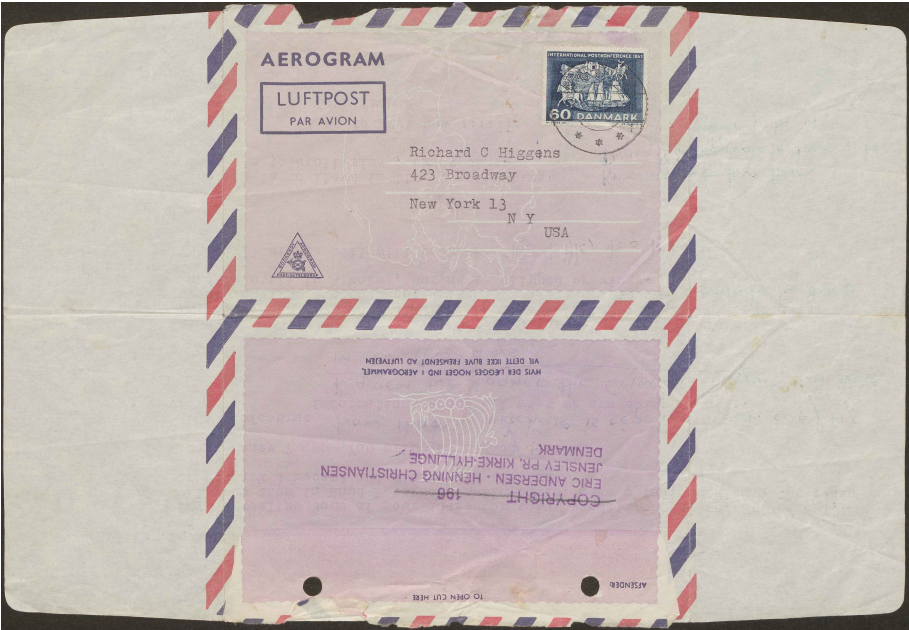

Knowing is to live in time, exact time.

Doing is to spoil time, exact time. [Håndskrevet kommentar Dick Higgins: Knowing is to love time. Doing is to appreciate time + to disappear into it]

I am to busy now :::::

Love from me

Henning
