dear Paik. . . .

we have to think in a new way - it is not possible to get enough money for you and charlotte to tourné in september so we have to take a new viewpoint how about january-february? The reason: Stockholm, Oslo and Copenhagen have a very expensive concert with Yvonne Rainer and Bob Morris in September and the reaction has to much power, but in January the case is better for us.

Stockholm is very interested in this arrangement, no doubt, and I think we can get you and charlotte in T V here in Denmark in January, a TV-man, Niels Carl Nielsen is very interested in you, he was so sorry when he could not get you through in septet mber
