The Friends of the Richard Demarco Gallery have two main aims — to foster an interest in the visual arts, and to support the Gallery. Since the Friends started two years ago, we have not only been able to give over £1,800 to the Gallery and to form a Friends' Picture Fund, but also to arrange a great number of talks, discussions, excursions and social occasions for Members.

I hope that you will go to the Gallery as often as you can, and that you will come to our meetings, not only because they are worthwhile, but also because they are enjoyable.

Yours sincerely,

(David Baxandall)
