Hello Mr. Christiansen,

Michael Berger just told me that you tried to reach me by phone.

Best time for this may be daily from 10-12 o' clock.

I am glad to hear that the CDs arrived well and its a good idea to have the LP ready for your exhibition in August!

But before starting I need to know some things:

do the CDs that I sent you contain different material or are both the same?

the tape that i got from Mr. Berger had the number 2 on it - does a number 1 also exist?

do you have any recommendations or wishes about the coverartwork and texts?

it may be good to make a special edition of 100 copies or so (total edition 500 copies) with a numbered and signed artwork. If thats ok for you, do you have an idea for it?

All the best
