Dear Henning Christiansen,

I received your DAT tape. Thank you very, very much for spending your time to collaborate with me !!

I am sure the sounds of your performance with some objects and the sounds from Denmark will play a good role in "An incidental Story on the Day of a Solar Eclipse".

I will discuss well how to edit these sounds with Christoph Charles.

Have a nice summer! and please send my love to your family !!

With many, many thanks,

Mieko Shiomi
