TRANSSKRIPTION

Tomas-

I will say that I need 100 DM for material, but maybe it's too much. I hope you can see yourself what I need for my pieces. I do not want new things if I can get old things (used by time)

for train it cost near-by 135 DM

I can come a little before if you need my help in Aachen but write instantly to me if or what you want.

Aachen must be the damned good thing all want.

YEH-

HENNING
